

Offering each student the opportunity to learn, develop and strengthen the skills necessary to succeed in the community, home and school

Our School Services offer a variety of individualized service packages, including Behavioral Intervention, Behavioral Consultations and School Clinicians.

Clara Martin Center's School Services provide a continuum of student centered supports and interventions that allow students with mental health challenges to be successful student learners. With a focus on prevention and early intervention, the goal of school services is the promotion of wellness for all students in their educational, family and community environments.

SCHOOL SERVICES

Wellness for all students in their educational, family and community environments

 Clara Martin Center
People Helping People

Behavioral Intervention

Highly individualized programs for youth living with significant emotional and behavioral disorders in the school setting

- Students receive an individualized plan that contains evidence based models of intervention
- A designated clinician works with the student to provide therapeutic support, case management and oversight of the behavioral and clinical services they are receiving.
- The use of Behavioral Consultation, a trained Behavioral Interventionist and a Clinical Case Manager working in conjunction with the educational team, helps keep youths at risk of being placed in alternative school settings, in their school.

School Clinicians

Mental health clinicians integrated into schools providing daily supports to youth struggling with emotional and behavioral disorders

- Provide daily support to youth with emotional and behavioral disorders
- Provide mental health treatment to students
- Provide education and support to school staff
- Specific programming and structure can be modified to meet the needs of the school and student

Behavioral Consultations

Individualized functional behavioral assessments and behavioral consultation for identified students or classrooms

- Complete functional behavioral assessment
- Full report after assessment with recommendations provided to the school
- Ongoing consultation
- This service is offered independently of Behavioral Intervention services
